Product Applications

An amazing, easy to use portable desktop, three objective lens digital microscope with both USB and TV output interface. High resolution magnification at your fingertips! Detailed examination of any area you choose. Model's AM351 and AM352 are self illuminating with 4 LED's. Ideal for a wide variety of practical applications in the classroom, workplace and even the home. Can be used for science and engineering work and study, as well as dermatology (skin/scalp) exam, detailed repair, assembly and quality control (i.e. electronics, mechanical, etc), hobbies & collecting (coin, stamp, watch, jewelry, etc.), law enforcement

(counterfeit ID, crime lab, etc), entertainment or simply as a reading aid. Just use your imagination!

Included with each Dino-Lite digital microscope is a copy of the "DinoCapture" software, enabling you to "capture" either a photograph, video or time-lapsed video with a simple click!
